

Humanscale World One Adjustable Arms

Description

CONFIGURATION DETAILS

World One Chair

Adjustable Duron Arms

Black with Black Trim Base

N10 – Pinstripe Black Mesh

Like all Humanscale chairs, the World One's design eliminates the need for traditional mechanisms by using the laws of physics and the sitter's body weight to offer a perfect recline. World One features armrests that are attached to the back of the chair and move with the user, providing custom comfort throughout the workday. A high-value task chair with minimal parts, World One was built with longevity in mind to look as good in ten years as it does today.

Key Features:

- Tri-panel, non-stretch mesh construction creates body-fitting contours and self-adjusting lumbar support for an automatic,
- customized fit
- Provides appropriate support and automatic resistance regardless of user's size
- No unnecessary recline locks or tension springs to set or adjust
- No external lumbar devices to adjust, break or lose
- Size-adjustable to fit the widest range of body sizes
- Frame-less front edge eliminates contact stress behind the knee
- Universal Casters
