

Why Task – Black Limber Back, Synch mech with seat slide, Hi-Arch Black Base and seat upholstered in your choice of fabric

## Description

Designed by Roger and Webb Associates in Europe, Based on a reactive, synchronised mechanism, which is simple and intuitive to operate, Why has a height adjustable, unique contoured backrest, moulded from a high performance polymer that flexes and adjusts to the movement of the body.

- Contoured back ensures pelvic and lumbar support.
- Why has been designed to minimise the number of components used in construction and is 98% recyclable.
- 10 year Aus. Manufacturing warranty.
