How to choose your task chair.

Our chair mechanisms provide a full range of adjustments to suit particular tasks and individual needs. All mechanisms have been selected after hours of continuous testing. All CS mechanisms are fitted with top quality pneumatic height adjustable gaslifts, which meet the highest standard – Class 4.

Relevant mechanisms and other components have been independently tested to AS/NZS 4438:1997 by Furntech-AFRDI.

It's All About The Mech

Why

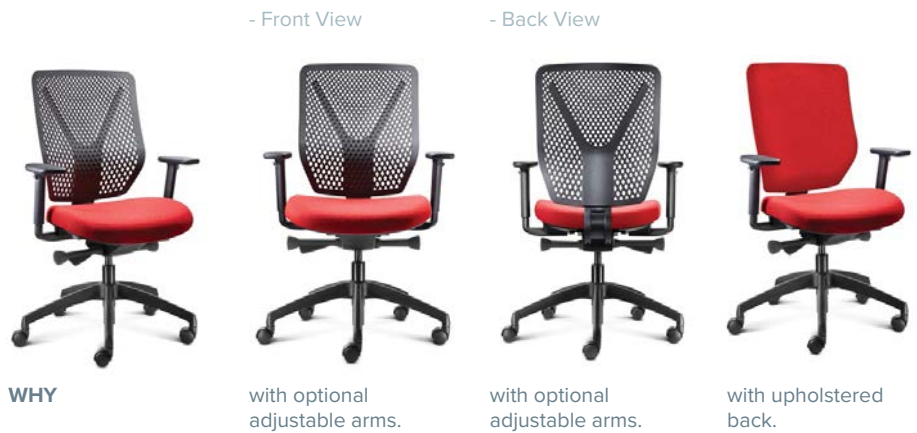

Designed by Roger and Webb Associates in Europe, Based on a reactive, synchronised mechanism, which is simple and intuitive to operate, Why has a height adjustable, unique contoured backrest, moulded from a high performance polymer that flexes and adjusts to the movement of the body.

Why

- Contoured back ensures pelvic and lumbar support.
- Why has been designed to minimise the number of components used in construction and is 98% recyclable.
- 10 year Aus. Manufacturing warranty.

Seat Size (mm)	500W x 500D
Seat Height (mm)	From 450 to 520
Back Size (mm)	450W x 520H

Ascend Sit-stand

Modern offices and jobs have forced people to spend far longer sitting down than standing up. This has serious consequences for the health of individuals, the posture of many people, and ultimately our lifespan.

Ascend Desk

- Twin motor providing 180kg heavy duty lift capacity.
- Quick and quiet adjustment speed.
- Supports tops ranging from 1300 to 2000mm wide, and 600 to 900mm deep.
- 3 Programmable memory pre-sets.
- Anti-collision.

MAX USER

MAX USER RATING

Chair Solutions recommends these products for users up to its max user weight. These products are supported by our warranty policy.

ANY FABRIC

ANY FABRIC

Chair is upholstered in any fabric of your choice.

Certification

AFRDI

Most certified fixed height chairs in Australia and NZ are tested to the requirements of AS/NZS 4438:1997 - Height adjustable swivel chairs. AFRDI level 6 standard is regarded as appropriate for people up to about 100kg.

AFRDI Level 6

An AFRDI Level 6 certified fixed height chair will meet most commercial needs. Level 6 chairs are described as suitable for "extremely heavy conditions" in the standard.

GECA

Australia's trusted eco-label for planet and people.

Good Environmental Choice Australia empowers architects, builders, designers and consumers to have confidence in their purchasing decisions, and trust GECA certified products to be healthier, safer, and better for the environment.

ChairSolutions offer a range of GECA certified products

CS One
